PRIVATE EVENTS

the underground

new york city

A subterranean cocktail lounge for gatherings that feel discovered, not booked.

NEW YORK CITY • VENUE & PRIVATE EVENTS

WELCOME

Where the room opens up.

The Underground is a place where stories are shared, connections are forged, and creativity thrives.

We cultivate a welcoming environment where everyone feels inspired and at home. Our events are more than gatherings — they are celebrations of community, culture, and the simple joy of being together, and we leave a lasting glow.

THE SPACE

A lounge below the city, entirely yours.

Down a quiet stair, the room opens into warm brass light and deep velvet — a 1970s-inflected lounge built to be handed over whole for your event.
